Suffolk New College

Bursary Policy

This document sets out the College's policy on the calculation of eligibility to, and payment of bursaries. The schemes are designed to support as many students as possible in a fair and equal manner.

1. General

- 1.1 The College currently distributes four bursary funds on behalf of central government, namely:
 - 16-18 Vulnerable Bursary Scheme
 - 16-18 Discretionary Bursary Scheme
 - 19+ Discretionary Bursary Scheme
 - Advanced Learning Loans Bursary.
- 1.2 These are separate funds, and it is not possible to transfer from fund to fund. As such, the four schemes may experience different terms and different rates of payment throughout the year.
- 1.3 There is also an additional fund that can help with childcare for students aged up to 20. This is administered by central government directly and is called "Care 2 Learn", and can be applied for through Student Support.
- 1.4 There are also a number of funds operated by charitable trusts that only cater for certain cohorts of students. Advice on these is available from Student Support.
- 1.5 Bursary applications must be made before the October half-term holiday. At this time, they will be paused temporarily and reviewed to ensure that they are helping the majority of students. If the fund(s) allow, then one or more of the schemes may reopen. The only exception to this rule is the Vulnerable Bursary fund, which is fully funded by central Government.
- 1.6 The bursary funds are limited, and it may be necessary to pause one or more of the funds to new applicants at any part of the year, meaning that we would be unable to accept new applications at that time. Any student who this affects would have their applications reconsidered should we find that we are able to open the funds back up again at a subsequent date.
- 1.7 The College expects excellent attendance and engagement from students in receipt of the bursary, and reserves the right to curtail the amounts paid if the attendance falls short of that expected.

- 1.8 The College is responsible for setting a threshold for 16-18 Discretionary, 19+ Discretionary Bursary and the Advanced Learning Loans Bursary, over which they will not qualify for support. This varies according to the fund applied for, and is set out below.
- 1.9 The College will retain a small proportion of each fund for use as a hardship fund. This will be administered by Student Support and will only be used when it is considered by a member of staff that a period of genuine hardship is occurring, and a modest one-off payment or equipment purchase will create a positive outcome for a student. This cannot be used for regular or ongoing expenses, as this will inhibit its reach within the student population.
- 1.10 For the purposes of this policy, household earnings includes:
- Earnings from employment
 - Job seekers allowance
 - Employment & support allowance
 - Universal credit
 - Pension (both old age and private)
 - Working tax credits
 - Child tax credits
 - Other regular income (such as child maintenance income)
- But specifically excludes:
- Housing benefit
 - Child benefit
 - Disability living allowance or personal independence payments
- 1.11 Students aged under 24 must provide these details for all persons living at the address, including siblings as necessary.
- 1.12 Single students aged 24 and over, who are still living at home, only need to provide this information for themselves.
- 1.13 Students aged 19 and over who are living with a partner must provide the partner's information as well as their own.
- 1.14 All bursary payments will be made by BACS into a bank account, which **must** be in the student's own name. At the absolute discretion of the College, this may be waived in exceptional circumstances.
- 1.15 Payments will be made during term-time only and on a half-termly basis in advance, to allow for bus passes, etc. to be purchased.

- 1.16 Childcare payments, where applicable, will only be made to Ofsted registered childcare providers, and will be made directly by the College. We will not reimburse any student directly in cash for any childcare payments.
- 1.17 Payments from all of the schemes will be based around the student's actual need, and will make a contribution towards meeting those additional costs associated with attending College.
- 1.18 The College reserves the right to review the amounts paid and the thresholds used, scheme by scheme, during the year, as funds allow.

2. 16-18 Vulnerable Bursary Scheme

- 2.1 This scheme pays out an amount of up to £1,200 per annum per full time student (pro-rata for part-time students, or students studying courses of less than 30 weeks duration).

 - in receipt of **both** Personal Independence Payments **and** Universal Credit in their own name.
- 2.3 These students are eligible to receive a one-off payment for any additional course costs, such as travel, trips, materials and kits, plus a half-termly hardship payment into their bank account to a maximum value of £1,200 per annum, depending on their level of need. The College will provide transport for those students who meet the criteria in paragraph 2.2 and who travel to College on our transport scheme, as part of the £1,200 limit.

- 3.3 Similarly, any student aged over 19 and under 25 (as at 31 August) who is also in receipt of an Education & Health Care Plan (EHCP), will also be funded out of the 16-18 discretionary bursary, including entitlement to Free College Meals.

- 3.6 With the exception of the young carer category, any student who is eligible under 3.4 above is also automatically eligible for benefits from the Free College Meals fund at the rate of £2.41 for each day that they are timetabled to be in college. This will be topped up to a value of £3.50 per day from the 16-19 Bursary Fund.
